

Application No. 10/684,671  
Amendment dated July 25, 2006  
Reply to Office Action of April 5, 2006

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application.

**Listing of Claims:**

Claims 1-13 (cancelled).

Claim 14 (currently amended). A hydroentangled nonwoven fabric for buffing applications comprising:

an imaged, apertured fibrous matrix comprising polyester staple length fibers, and a polymeric binder composition comprising, ~~which comprises~~ a melamine polymeric compound in the range of 0.2% to 0.5% by weight to volume, and an acrylic/copolymer acrylic/copolymer composition in the range of 10% to 25% by weight to volume based on the polymeric binder composition,

said nonwoven fabric having a basis weight of at least 3.5 ounces/yard<sup>2</sup>, a combined tensile strength of at least about 900 grams/ounce of fabric, and a Taber Abrasion of at least about 1000 cycles,

said nonwoven fabric having a three-dimensional image imparted thereto to facilitate retention of an associated buffing compound.

Claims 15-16 (cancelled).

Claim 17 (original). A nonwoven fabric in accordance with claim 14, wherein:

said fabric has an image imparted thereto by a three-dimensional image transfer device having an array of three-dimensional surface elements having an octagon-and-square configuration.

Application No. 10/684,671  
Amendment dated July 25, 2006  
Reply to Office Action of April 5, 2006

Claim 18 (original). A nonwoven fabric in accordance with claim 14, wherein:

said fabric has an image imparted thereto by a three-dimensional image transfer device  
having an array of three-dimensional surface elements having a herringbone configuration.

Claim 19 (cancelled).

Claim 20 (cancelled).
